The Practical (and Fun) Guide To Assistive Technology In Public Schools
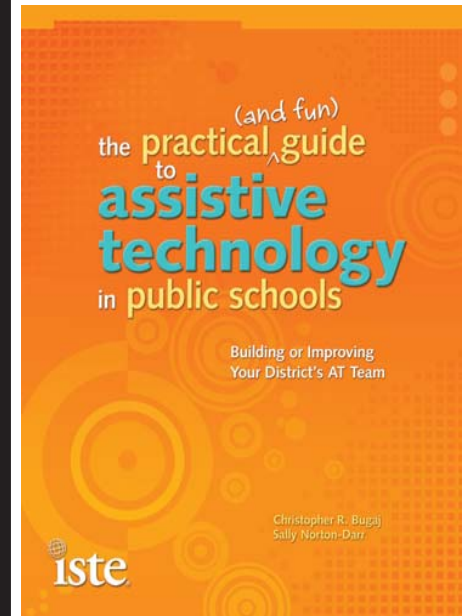

Don't Let Data Collection Scare You!

www.iste.org/chewat

Christopher Bugaj & Sally Norton-Darr

Pirates, monsters, monkeys, and more keep you engaged as you learn tips, strategies, and insights that will help improve your assistive technology program.
From setting up a stellar team to consultations and evaluations, and from implementation to assessing success, this guide presents detailed advice to provide AT services that effectively and efficiently help all students.
